

Greetings School Family,

I am so thankful for the ways God has blessed us in the 2010-2011 school year and I look forward with excitement about the year ahead. Last year I wrote about your willingness to join together and continue to make The Covenant School strong in executing its mission. You exhibited this with so many actions of selfless service and joyful participation. Our annual fund exceeding its goal by 30% is one huge testament to your actions.

As I think about the upcoming year, I have so many thoughts come to mind. We have our youngest entering 1st grade while our oldest embarks on our 6th grade program. I am excited for all of our kids, yours and mine as the school continues creates new programs, strengthens curriculum and helps us grow our kids to bear God's image in amazing ways.

I believe Establishment will be a resonating theme for us, as our roots grow deep on Redbud Hill:

- as our kids become more established in God's truth,
- our faculty becomes more established in their professional growth and teaching expertise,
- our upper class establishes themselves as servants and leaders in the school,
- and the school establishes itself in the Nashville market.

I look forward with you to the year ahead, with a heart of thankfulness and humility that I can serve in this role; serving with you ensuring our children know His face and hear His voice. Thank you on behalf of the entire board for all you do.

Let's go Learn, Serve and Love!

David J. Brown

Chair, Board of Trustees
